Submit this application to the club address, hardstand manager or a committee member. Keep the attached copy of the hardstand rules on page 3 for your reference. Following approval of this application, the hardstand manager will allocate a space for your boat in the hardstand; otherwise you will be placed on a waiting list until a space becomes available. A hardstand key may be signed for and collected from the secretary by arrangement once your boat has a space in the hardstand.

Hardstand Rules: extracted (in part) from the JBSC constitution and By-laws

18. HARD-STANDING

18.1 Hard-standing is available to **Single, Family and Junior Sailing** members on payment of the annual hardstand fee.

18.2 Short term hard-standing may be made available to visiting country members depending on availability. The hardstand manager will determine the fees and conditions for such period.

18.3 Hard-standing space is allocated by the handstand manager in accordance with the requirements of each boat and is prioritised to accommodate **actively participating** sailing boats as availability permits. Hard-standing will not be allocated for trailers only and any boat and trailer combination must only occupy the space allocated for that boat unless the hardstand manager approves variation to such. Hardstand space may be reallocated from time to time and the direction of the hardstand manager must be observed.

18.4 Application for hard-standing shall be made on the Hardstand application form. On approval, if suitable space is available, a key for the hardstand compound will be made available to that member in accordance with any club key policy so stated within these by-laws.

18.5 Responsibility and liability for any boat, other property or incident arising within the compound, rests with the owner of such property and/or other such member as authorised by the owner of the property; and that person responsible shall:

18.5.1 Make provision to firmly secure their boat, or boat and trailer, to the ground such that the boat, or boat and trailer, will remain in position during times of strong winds. The boat, or boat and trailer, must be secured at not less than two points by means of rope or chain attached to the hardstand floor chain to resist such wind forces and;

18.5.2 Store any other items that are kept within the compound in a safe and secure manner and;

18.5.3 Ensure that their area of the compound is kept neat and free of rubbish and growth.

18.5.4 Maintain their boat trailer in a roadworthy condition.

18.5.5 Immediately notify the hardstand manager of any changes; e.g. contact details, sale or swap of boat, boat sharing with another member etc.

18.6 If any items within the compound are found not to be in accordance with these rules, the responsible member shall be given notice to rectify that situation. Such notice shall be fourteen (14) days or other such lesser period as may be necessitated by the possibility of deteriorating weather conditions. In the event that the work required to rectify such situation is carried out by other members of the club, the responsible member's account may be debited for such work.

18.7 Any person who ceases to be a member or whose membership is suspended or who is expelled, shall be given notice in writing to remove all their property from the club grounds. Any such person who continues to store property in the compound will be liable for the normal hardstand fees. If after three (3) months such property still remains in the compound, JBSC shall give notice in writing that the club will take action to have the property removed, sold or otherwise disposed of, according the laws of the land.

18.8 If, in the opinion of the management committee, any boat is not being used to further the objectives of the club, the management committee may cancel the right of the boat owner to occupy the hardstand and the club shall give notice in writing to the owner to remove the boat from the club grounds.
